Hej Let's Create!
Bark Owls

Step 1
First, gather the supplies you need. You will need bark, two acorn caps, a seed (I used a sunflower seed) and glue. Remember to gather bark from the forest floor, never take it off of a living tree.

Step 2
Carefully break off your bark into an owl shape.

Step 4
Place a dot of glue where you want the owl's beak and carefully place your seed there.

Step 5
Hooray! You just made a wonderful owl friend!

Step 7
Place glue on the bark and place the two acorn caps for the owl's eyes.
