Step 1
First, gather the supplies you need. You will need green and pink tissue paper, pipe cleaners, pinking shears, glue and scissors.

Step 2
Using your pipe cleaners, attach a triangle and two circles to one pipe cleaner to create the pole.

Step 3
Cut three foot long strips of green tissue paper that are an inch wide. Cut strips on each side of the paper with the pinking shears leaving a bit of uncut paper in the middle. Start wrapping around the pole, stopping to glue it in place.

Step 4
Once you cover the whole pole with all of the strips, cut out squares of pink paper and roll the tissue into small flowers.

Step 5
Glue the flowers onto the circle parts of your midsommar pole.

Step 6
Hooray! You just made a beautiful midsommar pole! You are ready to celebrate!
