*Midsommar Wreathes*

**Step 1**
First, gather the supplies you need. You will need cupcake liners, coffee filters, watercolors and pipe cleaners.

Use your watercolors to paint several coffee filters to use as your bigger flowers. Set these aside to dry.

**Step 3**
Measure your head a use pipe cleaners to create a circle.

**Step 4**
Using a smaller piece of pipe cleaner, poke the middle of a cupcake liner one of the painted coffee filters. Bend over the small section of pipe cleaner inside the cupcake liner/filter so that it is secure.

**Step 5**
Wrap the flower around the circle using the pipe cleaner. Continue steps four and five until you have flowers around the entire circle.
