Hej Let's Create!

Swedish Heart Ornaments

Step 1
First, gather the supplies you need. You will need scissors, red construction paper, white paint, a paintbrush and glue/tape.

Step 2
Fold your paper in half and cut out half a heart shape on the FOLDED edge. Unfold your paper. Cut out another heart using your first heart as a template.

Step 3
Paint a woven pattern on one side of both of your hearts. Let dry.

Step 4
Glue your two hearts together with the painted sides facing out. Leave the top part of each heart open if you want it to be a basket.

Step 5
Glue or tape your handle on the inside of the heart basket.

Step 6
Hooray! You finished your Swedish Heart Ornament! Hang it somewhere when you need some festive coziness!
