Hej! Let's Create!

**Viking Figurines**

**Step 1**
First, gather the supplies you need. You will need scissors, glue, pipe cleaners, felt, one large wooden bead, two small wooden beads, fake fur, modal magic clay and a sharpie.

**Step 2**
Twist one pipe cleaner into arms and one leg.

**Step 3**
Twist another pipe cleaner around the first to create the other leg, neck and body. Attach the small wooden beads to each arm.

**Step 4**
Cut out a piece of felt for the Viking's robe with a hole in the middle for their head.

**Step 5**
Draw a face on the large wooden bead with a sharpie and use a small amount of modal magic clay to shape a helmet.

**Step 6**
Put the robe onto the pipe cleaners and use another small section of pipe cleaner to make a belt. Attach the head onto the neck and glue on fake fur for hair and a beard.

**Step 7**
Hooray! You just made a Viking! If you wish, you can add horns to your helmet with some more modal magic clay. However, remember that Vikings did not have horns on their helmets!
